

Road description (or Google link: 35.35814847410434, 24.20518591534201)

If you travel from the airport of Chania or Heraklion you follow the highway to the exit Vryses and follow the road to Chora Sfakion.

From Chania you exit the highway just after you pass the Shell station on the left side , then you turn right into the village of Vryses. You continue straight through the center of Vryses, over the bridge and keep on going straight. Do not take a right or left and you will come to the crossing with the road name Sfakion-Vrysson. You turn right and directly left at the Cemetery (follow sign to Church of Ayios Nikolaos) , see picture below.

From Heraklion you follow exit Vryses and go into direction of Vryses and at the first left you go to Chora Sfakion. From both directions up to the cemetery of Vryses and turn then left.

There you will see the first sign towards Filippos.

Φίλιππος 1

Continue the road without taking any left or right and you will pass through a neighborhood with few houses.

Keep going straight and then you come to a crossing where there is a big cactus at the road splitting.

There you take a left and you will enter Filippos. The first house on the right side is Villa Nostalgia Filippos.

You can park the car in front of the Villa on the right side. Please leave enough space for a car to pass your parked car, since the road is also used by our neighbors.

So, Enjoy your Holidays
