

Road description (or google link: 35.35814847410434, 24.20518591534201)

If you arrive from Chania or Heraklion airport, follow the highway to Vryses exit and follow the road to Chora Sfakion

From Chania, exit the highway shortly after passing Shell station on the left and then turn right in the village of Vryses. You pass directly from the center of Vrissa, over the bridge and continue. Do not turn left or right and you will reach the junction with the street name Sfakion-Vrysson. Turn right and immediately left in the cemetery (follow the sign to the church of Agios Nikolaos), see the image below. From Heraklion, follow the exit of Vrissa and head towards Vrissa. On the first left go to Chora Sfakion. From both directions to the Vrises cemetery and then turn left.

There you will see the first sign to Pilippos.

Φίλιππος 1 km

Follow the road without turning left or right and you will pass a neighborhood with a few houses.

Continue straight and you will reach an intersection where a large cactus separates from the road.

Then turn left and enter Filippos. The first house on the right is Villa Nostalgia Filippos.

You can park the car in front of the villa on the right. Leave enough space for a car to pass by your parked car, as the road is also used by our neighbors.

So enjoy your holiday
